

Statement of Tuition Assurance

Airwork Helicopter students have protection for their tuition fees through the Tuition Protection Service. Tuition assurance is for domestic and international students that is provided through the Australian government's Tuition Protection Service (TPS).

This service assists:

- International students
- Domestic students that are accessing the VET Student Loan Scheme
- Domestic students who cover their fees directly to Airwork

Tuition assurance protects students in the event that an institution defaults on its obligation to deliver the course or if the institution closes entirely after the student has started the course but has not completed it. TPS ensures that the student can complete their studies in another course or with another provider, or receive a refund of their unspent fees. (or a re-credit for VET student loan).

For student category (domestic upfront paying student) that is not covered by TPS, Airwork maintains adequate amount of restricted cash for Fee protection. Annual assessment is performed to ensure the restricted cash amount is at a satisfactory level.

For more information, please access the [TPS Website](#)
